DR. WILLIE W. HERENTON  
CITY OF MEMPHIS  
MAYOR

A C WHARTON, JR.  
SHELBY COUNTY  
MAYOR

November 9, 2004

Dear Provider,

This is to inform you that the influenza vaccine is available at the Memphis and Shelby County Health Department clinics for your ob patients, all other patients who fall into the high-priority groups as defined by the CDC, and your office staff that have direct patient care duties. I would encourage you to refer your patients and staff to these clinics. Please do not forget those ob patients who have recently delivered and are the in-home caregiver of a child who is less than 6 months old during the flu season.

When a person presents to one of the clinics they must have verification that they are a resident of Shelby County, i.e., a driver's license. If they are less than 65 years of age, they are asked to bring their medications to verify that they indeed have a chronic medical condition. If they are a provider of direct patient care, we ask that they have an ID badge or something that states that they provide direct patient care.

The cost of the vaccine is \$17. Medicare and TN Care are accepted.

The clinics are listed below, with their location, phone numbers, and hours of operation. Most of the clinics stop accepting new patients 30 minutes before the listed closing time.

Immunization Clinic, 814 Jefferson, 544-7711, 8:00 – 4:30.  
Galloway Clinic, 757 Galloway, 522-8268, 8:00 – 4:30.  
Hickory Hill Clinic, 6590 Kirby Center Cove, 365-1045, 8:00 – 4:30.  
Millington Clinic, 8598 Highway 51 North #11, Millington, 873-4401, 8:00 – 4:30.  
Raleigh Clinic, 3040 Covington Pike, 386-2060, 8:00 – 4:30.  
Shelby Crossing Clinic, 6170 Macon Road, 372-7581, 8:00 – 4:30.  
Southland Mall Clinic, Southland Mall, 364-0081, 9:00 – 5:00.

Sincerely,

Helen G. Morrow, M.D., M.P.A.

HGM/cdp

Mission

*To promote, protect and improve the health and environment of all Shelby County residents.*
